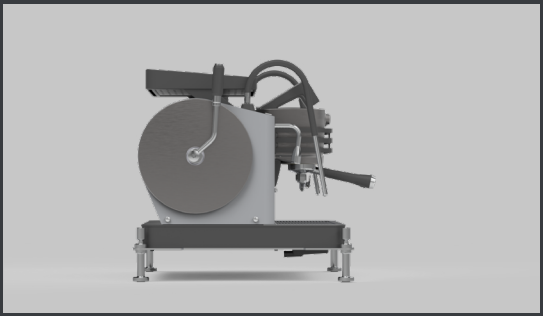
DALLA CORTE

ZERO+



# ZERO PLUS CLASSIC - 2 GROUPS

**DESIGN THAT INSPIRES** Zero Plus represents the perfect mix between design and innovation. Its clean lines encourage interaction between barista and customer. Every detail can be customized - from standard colours to fully tailor-made finishes - transforming the machine into a unique design element that enhances the space and embodies your professional identity.

**INTEGRATED MULTIBOILER TECHNOLOGY** High-level performance and multi-boiler technology featuring 0,75l group boilers, combined with a one-of-a-kind design. Zero Plus fusion of art, technology, and design.

**REAL TIME WEIGHT** Integrated directly into the machine, Real Time Weight eliminates the need for external scales and streamlines workflow.

**DC SYSTEM** With GCS and OCS, Zero Plus guides you to perfection: the grind automatically adjusts for consistently precise extractions, while the OCS remote control lets you manage parameters and performance from anywhere. Invisible - yet essential - technology, for flawless results.
