

## ZERO CLASSIC

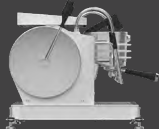

**THE START OF A NEW ERA** For the first time since its creation in 2001, the original patented multiboiler technology has been taken to the next level with Zero's new 0.75 lt groups. Year Zero starts now.

**NEW DIGITAL TOUCHSCREENS** all functions are easily accessible with just a few touches; the most important settings are always visible on screen.

**TAKE CENTRE STAGE** A new eye-catching design for the Dalla Corte Cool Touch steam wand, while still performing at the highest levels. This new version of the Cool Touch Steam Wand will be installed on all Zero Barista and Classic series. Because the best can't be optional.

	2 GROUPS	3 GROUPS
